Reading Price Charts Bar by Bar Al Brooks, 2009 While new technology and complicated theories promise to take your trading to the next level the truth is that long term success in this field is rooted in simplicity That's why Al Brooks has created Reading Price Charts Bar by Bar With this book Brooks a technical analyst for Futures magazine and an independent trader demonstrates how applying price action analysis to chart patterns can help enhance returns and minimize downside risk Along the way you'll discover the importance of understanding every bar on a price chart why particular patterns are reliable setups for trades and how to locate entry and exit points as markets are trading in real time Throughout these pages some of the most useful tools for deciphering price action are covered in detail including Trendlines and trend channel lines Prior highs and lows Breakouts and failed breakouts The size of bodies and tails on candles The relationship between current bars to prior bars And much more Learning what the market is telling you can be difficult but with the right approach you can achieve this goal and capture consistent profits in the process Reading Price Charts Bar by Bar has all the information you need to succeed at this endeavor and will put you in the best position possible to make the most of your time in today's turbulent markets Praise for Reading Price Charts Bar by Bar Al Brooks has written a book every day trader should read On all levels he has kept trading simple straightforward and approachable By teaching traders that there are no rules just guidelines he has allowed basic common sense to once again rule how real traders should approach the market This is a must read for any trader that wants to learn his own path to success Noble DraKoln founder of www.SpeculatorAcademy.com and author of Trade Like a Pro and Winning the Trading Game Al Brooks is a trader's trader He understands the focused energy it takes to be successful at trading and works long hard hours in front of the computer screen to beat the markets In his first trading book he outlines selflessly his strategy step by step A doctor and educator in his previous life he uses his eye for detail and transfers lessons he learned in training himself on the art of trading to the written page For those who are willing to delve into the details of day trading and dedicate the time and energy to do it seriously and most likely profitably Al Brooks's book Reading Price Charts Bar by Bar is a must read Ginger Szala Publisher and Editorial Director Futures magazine

Reading Price Charts Bar by Bar Al Brooks, 2009-05-04 While complex strategies and systems may work for some traders understanding price action is all you really need to succeed in this arena Price action analysis is an effective approach to trading today's markets whether you're involved in stocks futures or options It allows you to focus on the process of trading without being overwhelmed by a complicated collection of trading techniques And while this method may appear elementary it can significantly enhance returns as well as minimize downside risk One way to apply price action analysis to your trading endeavors is with chart patterns Nobody understands this better than author Al Brooks a technical analyst for Futures magazine and an independent trader for more than twenty years Brooks discovered ten years ago that reading price charts without indicators proved to be the most simple reliable and profitable way for him to trade Mastering that discipline is what made him consistently successful in trading Now with Reading Price Charts Bar by Bar Brooks shares his extensive experience on how to read price action At the end of the day anyone can look at a chart whether it is a candle chart for E mini S P 500 futures trading or a bar chart for stock trading and see very clear entry and exit points But doing this in real time is much more difficult Reading Price Charts Bar by Bar will help you become proficient in the practice of reading price action through the use of trendlines and trend channel lines prior highs and lows breakouts and failed breakouts and other tools and show you how this approach can improve the overall risk reward ratio of your trades Written with the serious trader in mind this reliable resource addresses the essential elements of this discipline including the importance of understanding every bar on a price chart why particular patterns are reliable setups for trades and how to locate entry and exit points as markets are trading in real time Brooks focuses on five minute candle charts to illustrate basic principles but discusses daily and weekly charts as well Along the way he also explores intraday swing trades on several stocks and details option purchases based on daily charts revealing how using price action alone can be the basis for this type of trading There's no easy way to trade but if you learn to read price charts find reliable patterns and get a feel for the market and time frame that suits your situation you can make money While price action trading doesn't require sophisticated software or an abundance of indicators this straightforward approach can still put you in a better position to profit in almost any market Reading Price Charts Bar by Bar will show you how

Trading Price Action Trends Al Brooks, 2011-11-29 A practical guide to profiting from institutional trading trends The key to being a successful trader is finding a system that works and sticking with it Author Al Brooks has done just that By simplifying his trading system and trading only 5 minute price charts he's found a way to capture profits regardless of market direction or economic climate His first book Reading Price Charts Bar by Bar offered an informative examination of his system but it didn't allow him to get into the real nuts and bolts of the approach Now with this new series of books Brooks takes you step by step through the entire process By breaking down his trading system into its simplest pieces institutional piggybacking or trend trading the topic of this particular book in the series trading ranges and transitions or reversals this three book series offers access to Brooks successful methodology Price Action Trends Bar by Bar describes in detail what individual bars and combinations of bars can tell a trader about what institutions are doing This is critical because the key to making money in trading is to piggyback institutions and you cannot do that unless you understand what the charts are telling you about their behavior This book will allow you to see what type of trend is unfolding so can use techniques that are specific to that type of trend to place the right trades Discusses how to profit from institutional trading trends using technical analysis Outlines a detailed and original trading approach developed over the author's successful career as an independent trader Other books in the series include Price Action Trading Ranges Bar by Bar and Price Action Reversals Bar by Bar If you're looking to make the most of your time in today's markets the trading insights found in Price Action Trends Bar by Bar will help you achieve this goal

Trading Price Action Trading Ranges Al Brooks, 2012-01-03 Praise for Trading Price Action Trading Ranges Al Brooks has written a book every day trader should read On all levels he has kept trading simple straightforward and approachable By teaching traders that there are no rules just guidelines he has allowed basic common sense to once again rule how real traders should approach the market This is a must read for any trader that wants to learn his own path to success Noble DraKoln founder SpeculatorAcademy com and author of Trade Like a Pro and Winning the Trading Game A great trader once told me that success was a function of focused energy This mantra is proven by Al Brooks who left a thriving ophthalmology practice to become a day trader Al s intense focus on daily price action has made him a successful trader A born educator Al also is generous with his time providing detailed explanations on how he views daily price action and how other traders can implement his ideas with similar focus and dedication Al s book is no quick read but an in depth road map on how he trades today s volatile markets complete with detailed strategies real life examples and hard knocks advice Ginger Szala Publisher and Editorial Director Futures magazine Over the course of his career author Al Brooks a technical analysis contributor to Futures magazine and an independent trader for twenty five years has found a way to capture consistent profits regardless of market direction or economic climate And now with his new three book series which focuses on how to use price action to trade the markets Brooks takes you step by step through the entire process In order to put his methodology in perspective Brooks examined an essential array of price action basics and trends in the first book of this series Trading Price Action TRENDS Now in this second book Trading Price Action TRADING RANGES he provides important insights on trading ranges breakouts order management and the mathematics of trading Page by page Brooks skillfully addresses how to spot and profit from trading ranges which most markets are in most of the time using the technical analysis of price action Along the way he touches on some of the most important aspects of this approach including trading breakouts understanding support and resistance and making the most informed entry and exit decisions possible Throughout the book Brooks focuses primarily on 5 minute candle charts all of which are created with TradeStation to illustrate basic principles but also discusses daily and weekly charts And since he trades more than just E mini S P 500 futures Brooks also details how price action can be used as the basis for trading stocks forex Treasury Note futures and options

Trading Price Action Reversals Al Brooks, 2012 A detailed guide to profiting from trend reversals using the technical analysis of price action The key to being a successful trader is finding a system that works and sticking with it Author Al Brooks has done just that By simplifying his trading system and trading only 5 minute price charts he s found a way to capture profits regardless of market direction or economic climate His first book Reading Price Charts Bar by Bar offered an informative examination of his system but it didn t allow him to get into the real nuts and bolts of the approach

Trading Price Action Reversals Al Brooks, 2011-12-27 A detailed guide to profiting from trend reversals using the technical analysis of price action The key to being a successful trader is finding a system that works and sticking with it Author Al Brooks has done just that By simplifying his trading system and trading only 5 minute price charts he s found a way to capture profits regardless of market direction or economic climate His first book Reading Price Charts Bar by Bar offered an informative examination of his system but it didn t allow him to get into the real nuts and bolts of the approach Now with this new series of books Brooks takes you step by step through the entire process By breaking down his trading system into its simplest pieces institutional piggybacking or trend trading trading ranges and transitions or reversals the focus of this book this three book series offers access to Brooks successful methodology Trading Price Action Reversals reveals the various types of reversals found in today s markets and then takes the time to discuss the specific characteristics of these reversals so that you can use them in your everyday trading endeavors While price action analysis works on all time frames there are different techniques that you can use in trading intraday daily weekly and monthly charts This among many other issues is also addressed throughout these pages Offers insights on how to handle volatility and sharp reversals Covers the concept of using options when trading certain charts Examines how to deal with the emotions that come along with trading Other books in the series include Trading Price Action Trends and Trading Price Action Trading Ranges If you re looking to make the most of your time in today s markets the trading insights found in Trading Price Action Reversals will help you achieve this goal

Trade Like a Pro Noble DraKoln, 2009-02-17 Praise for Trade Like a Pro Noble s commitment to the individual trader is exactly what traders need during these volatile times He has knowledge that spans across markets and is worldwide He is a valued contributor to the TraderPlanet com community and this book further demonstrates his dedication to educating traders and helping them become more successful Lane J Mendelsohn Publisher TraderPlanet com In a time when on a global level important things are happening to the financial industry when new profit opportunities as well as risks are revealed the book Trade Like a Pro offers a complete picture concerning the risk administration techniques Teodor Ancuta President and General Manager Sibiu Stock Exchange Trade Like a Pro is a comprehensive presentation of all the basic trading strategies that belongs in every investor s library Whether your specialty is futures options or stocks or for that matter a combination of all three you will find yourself going back to this valuable reference guide again and again Everything rings true Moreover the author gives you the pros and cons of each respective strategy without imposing his own point of view Well researched and presented George Angell author of Small Stocks for Big Profits and Winning in the Futures Market Armed with good intentions most new traders are unaware of the realities involved Although there is often the belief among novice traders that profitability will be easy the evidence strongly suggests otherwise In his new book Trade Like a Pro 15 High Profit Trading Strategies Noble DraKoln offers a thoughtful approach to making the transition from unsuccessful retail trader to the arena of the professional which is imperative for lasting success as a trader Ron Rossway President Denver Trading Group
