Love, Wine, and Other Highs Lauren Rae,2022-07 A candid comical memoir about coming of age in the decade of bad dates worse hair and non stop Carrie Bradshaw Lauren Rae thought she had it all sussed out Leaving her awkward teenage years in the past the future was hers for the taking Why shouldn t she have it all Dream job beautiful home perfect man great friends Like Whitney said I m Every Woman and that s just who Lauren would be too But growing up a young black woman in the early noughties wasn t quite the dream Lauren had envisioned Unpaid internships disappointing men and lying friends challenged her mental strength and pushed her towards the wine bottle But with a nagging sound that might have been depression ringing in her ears Lauren picked up her pen and made it her mightiest weapon Set to the soundtrack of the new millennium with Sex and the City on TV and Amy Winehouse on the radio Lauren Rae s frank funny and sometimes heartbreaking memoir will ring more than a few bells for anyone who s questioned whether they ll ever find success and happiness

Unthought N. Katherine Hayles,2017-04-05 N Katherine Hayles is known for breaking new ground at the intersection of the sciences and the humanities In Unthought she once again bridges disciplines by revealing how we think without thinking how we use cognitive processes that are inaccessible to consciousness yet necessary for it to function Marshalling fresh insights from neuroscience cognitive science cognitive biology and literature Hayles expands our understanding of cognition and demonstrates that it involves more than consciousness alone Cognition as Hayles defines it is applicable not only to nonconscious processes in humans but to all forms of life including unicellular organisms and plants Startlingly she also shows that cognition operates in the sophisticated information processing abilities of technical systems when humans and cognitive technical systems interact they form cognitive assemblages as found in urban traffic control drones and the trading algorithms of finance capital for instance and these assemblages are transforming life on earth The result is what Hayles calls a planetary cognitive ecology which includes both human and technical actors and which poses urgent questions to humanists and social scientists alike At a time when scientific and technological advances are bringing far reaching aspects of cognition into the public eye Unthought reflects deeply on our contemporary situation and moves us toward a more sustainable and flourishing environment for all beings
